PLEASE NOTE:

Our searches are available for use in the Library. The decisions as to which searches fit into which categories are based on SERC classifications, not necessarily on those chosen by any one professional discipline.

As of July 1, 2002 the SERC Library bibliography addendums are typed in accordance with the 5th edition Publication Manual of the American Psychological Association with the only exception being that they are not double-spaced in order to save paper.

Resources included in this bibliography do not indicate approval or endorsement by SERC or the CT State Department of Education. The listings are provided solely as a resource of general information.
